

## KING STARBOARD® ANTI-SKID AS

**KING** Taco Marine introduces King StarBoard AS, the anti-skid marine-grade polymer sheet developed to prevent slipping in high traffic areas. This unique product features a sure-grip design made of a special high friction surface polyethylene in a diamond pattern finish to prevent slipping and promote drainage when wet. Designed with marine-grade decking material for virtually every walk-on marine application.

### FEATURES & BENEFITS

- High density polyethylene
- UV-stabilized
- Special high friction surface in a diamond pattern finish prevents slipping and promotes drainage when wet
- Saltwater resistant
- Developed to withstand the harshest marine conditions
- Passes ASTM D2047 slip resistant testing
- Resists most stains and does not change color
- Does not rot or delaminate
- Does not need refinishing
- Chemical resistant
- Cleans easily with marine-grade soaps or cleaners using fresh water
