

2" X 1.156" MEDIUM SUPROFLEX RUB RAIL

Add the ultimate coverage to the cap/hull joint of your boat with the V11-9950 SuproFlex Rub Rail. This co-extruded, ultra-flexible vinyl profile features a longer leg for superior hull protection. Available now to boat builders! SuproFlex Rub Rail is lightweight and super flexible to save you time and money while providing a seamless precision fit. The innovative SuproFlex series is co-extruded vinyl that provides two levels of hardness - ensuring enhanced protection from impact. SuproFlex Rub Rail requires minimal heating - reducing installation time and manpower. Additionally, SuproFlex Rub Rail requires no pre-forming and easily molds to most hull shapes. This new rub rail is available in a variety of sizes and colors, and pairs with TACO's Flex Chrome Insert, which can also be customized to any builder's color preference.
