

CARBON FIBER TELE-OUTRIGGER POLE

Introducing our first-ever Carbon Fiber Outrigger Poles for the ultimate offshore fishing experience. Our patent-pending innovative design was built to meet the demands of those who need to get the most out of their high-performance fishing boats. Our Carbon Fiber Tele-Outrigger Pole is by far stronger and lighter than any other aluminum pole on the market today. The cylindrical design has the strength to allow for pulling full, triple-tier dredges of ballyhoo, mullet or squids at higher speeds.

FEATURES & BENEFITS

- UV-resistant, clear coated black carbon fiber pole construction
- Stainless-steel Type-316L collars and rings
- Double outrigger line design on the 16' poles and triple outrigger line design on the 20' poles for either mono or Dacron
- Patent-pending swivel roller design allows for movement of the rollers to swivel in the direction of lures or bait
- Telescopes to less than 8' for bridge clearance, trailering and storage
- Designed for use with universal mounts or our Grand Slam Mounts
- The 16' pole is ideal for boats under 35' long
- The 20' pole is ideal for boats up to 50' long
- Includes a nylon mesh carry bag to protect poles
- Includes adjustable roller line caddy with brass rollers - allowing for easy rigging to the T-top or gunnel and better line management
- Locking pin design keeps poles from collapsing when fully extended and allows for easy collapsing when storing
- Sold in Pairs
- 1-year limited warranty
- **24' pole coming soon!**

INCLUDES NYLON MESH BAG & ADJUSTABLE ROLLER LINE CADDY

- Dual pockets prevent outriggers from scratching each other
- Black nylon mesh bag resists moisture
- Protects outrigger poles from damage
- Secures outriggers to eliminate tangling and maintain rigging
