

GS-500 PRO SERIES OUTRIGGER MOUNT

The NEW Pro Series GS-500 Outrigger Top Mount is the ultimate outrigger base for today's larger center consoles - getting boaters offshore in more treacherous seas without fear of equipment failure. The new Twist & Lock pole connection eliminates the frustrating task of locating the pin hole. From the safety of the deck, boaters can horizontally rotate and vertically lift the poles from under the T-top.

FEATURES & BENEFITS

- Ideal for hardcore fishing boats from 32 to 50+ feet
- Rotate and lift the outrigger from the safety of the deck
- Equipped with the patent-pending Twist & Lock mechanism for one-handed, easy, fast and secure outrigger installation
- Pairs with our revolutionary Twist & Lock Carbon Fiber Tele-Outriggers
- Eliminates need for pins or bolts to secure outrigger poles to bases
- Dredge load tested to handle a full, professional fishing spread for increased catch ratio
- Absorbs the torque and whip created by outrigger poles 24' and beyond
- Cast stainless-steel and machined-aluminum body construction for a stronger and lighter base
- Includes matching 6"x 8"x1/2" thick, oval backing plates and stainless-steel hardware for additional support and easy installation
- Features a heavy-duty, ergonomically shaped handle and stowable, full-bodied, round crank handle
- Safety detents prevent uncontrolled rotation when deploying outrigger poles
- Allows a controlled 180° rotation, if needed
- No port or starboard designation - each unit will fit either side of the T-top
- Base hole pattern matches all TACO Marine Grand Slam models - making upgrades possible
- 3-year limited warranty

Twist & Lock in "Locked" Position

Twist & Lock in "Unlocked" Position

6"x8"x 1/2" Oval

90° positioning for more lever rotation
