

A **LEADER** IN
INNOVATIVE MARINE
AND SPORT FISHING
PRODUCTS

60 YEARS AND COUNTING

A small, stylized yellow wave graphic, similar to the one in the TACO MARINE logo, is positioned below the text "60 YEARS AND COUNTING".

ABOUT

TACO MARINE

Founded in 1959, TACO is an established marine manufacturing full-service enterprise - providing boat builders with top-quality products in Sport Fishing, Rub Rail, Seating, LED Lights & Electronics, Canvas & Shade, Tower Fabrication, Hinges & Latches, Boating Accessories and so much more.

ON THE FOREFRONT OF INNOVATION

For more than 60 years, we've taken our passion for the marine industry to become a leader in innovation. Whether it's custom designs, extrusions or finished parts, we use the latest technologies and in-house testing to provide product solutions that meet or exceed our customer expectations.

THE TACO PROMISE

Our commitment to customer satisfaction means that we stand behind our products 100 percent. We offer industry-leading warranties and a high level of customer service and support - ensuring we and our partners are successful today and for the future.

ONE-STOP DESTINATION

FOR ALL YOUR MARINE NEEDS

PREMIUM MARINE PRODUCTS

FROM STEM TO STERN

We create and provide the finest products across an expansive line of categories, listed below. We use only the highest-quality materials, including Type-316L stainless steel, marine-grade aluminum alloys and weather-resistant plastic resins and compounds. Our breadth of capabilities and marine expertise means we have you covered from stem to stern.

▶ SPORT FISHING

▶ RUB RAIL

▶ SEATING, UPHOLSTERY & HARDWARE

▶ CANVAS & SHADE

▶ TOWER FABRICATION

▶ TRIM & MOLDING

▶ HINGES & LATCHES

▶ LED LIGHTS & ELECTRONICS

▶ DOCKSIDE ACCESSORIES

FULL-SERVICE

SOLUTIONS PROVIDER

We take great pride in being a full-service solutions provider. Boat builders, accessory manufacturers, dealers, distributors and retailers rely on our expertise to bring their products to fruition on time, within budget and with a level of unparalleled quality.

From product design, engineering, manufacturing and inventory management to sales, technical support and ensuring on-time delivery of products, all of us at TACO are dedicated to providing the highest level of quality and service to meet each customer's needs.

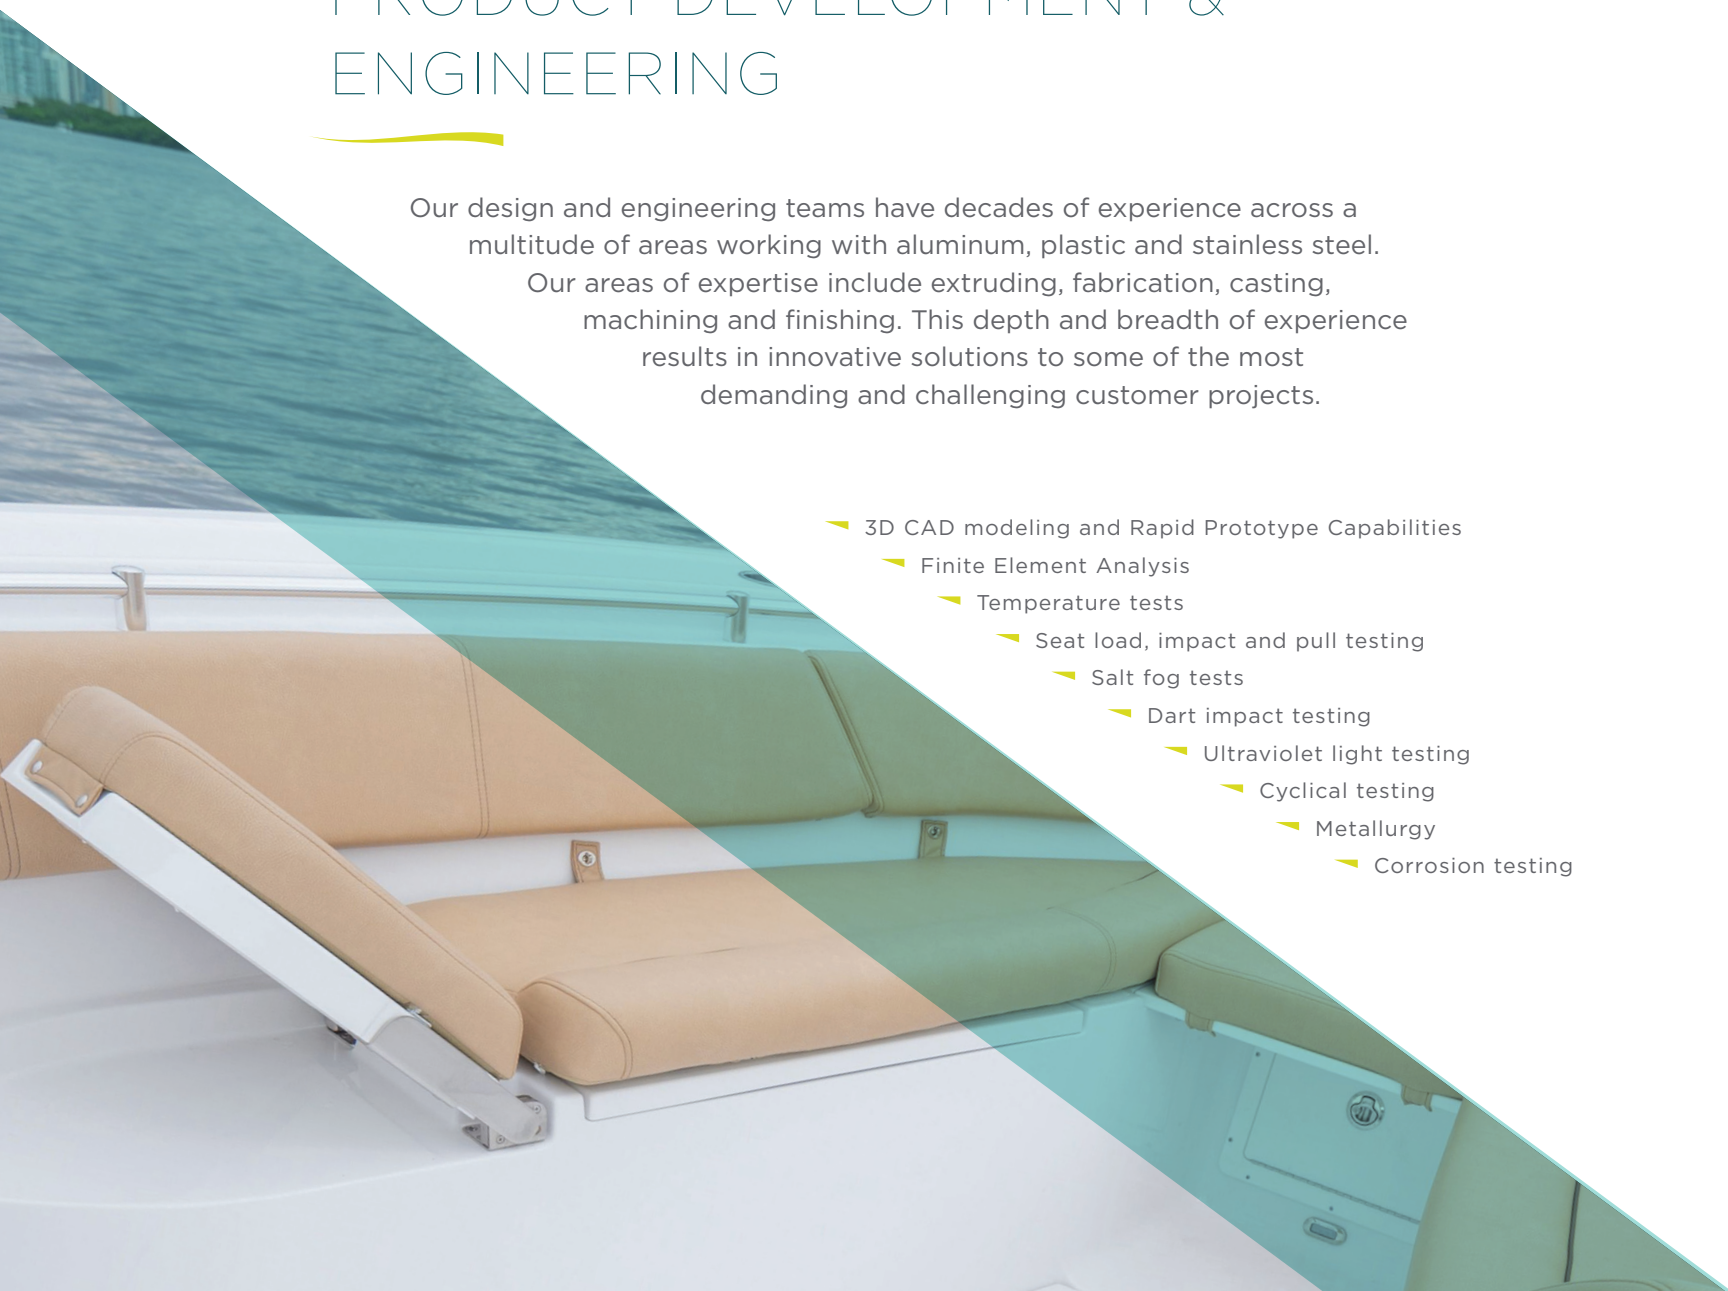

PRODUCT DEVELOPMENT & ENGINEERING

Our design and engineering teams have decades of experience across a multitude of areas working with aluminum, plastic and stainless steel.

Our areas of expertise include extruding, fabrication, casting, machining and finishing. This depth and breadth of experience results in innovative solutions to some of the most demanding and challenging customer projects.

- ▶ 3D CAD modeling and Rapid Prototype Capabilities
 - ▶ Finite Element Analysis
 - ▶ Temperature tests
 - ▶ Seat load, impact and pull testing
 - ▶ Salt fog tests
 - ▶ Dart impact testing
 - ▶ Ultraviolet light testing
 - ▶ Cyclical testing
 - ▶ Metallurgy
 - ▶ Corrosion testing

YOU IMAGINE

WE CREATE

We work closely with our partners and boat builders to create custom and innovative products. We welcome ideas and thrive on partner collaboration. From initial concept all the way through to design, engineering and manufacturing, we work together to bring your visions to life. Any idea, big or small, is a challenge we are ready to meet.

THE PROCESS

We incorporate the latest processes and tools to create the finest marine products. This includes finishing, packaging, warehousing and just-in-time delivery to provide the best total value.

CUSTOM EXTRUDING

We offer a large selection of standard and specialty extrusions as well as custom shapes – specializing in high-quality aluminum and plastic extrusions for various end-use marine applications.

FABRICATION & CASTINGS

At TACO, we are a leading supplier of stainless steel Type-304 and 316L lost wax investment castings and fabricated products.

WAREHOUSING & INVENTORY MANAGEMENT

We offer an extensive array of more than 800 readily available stock items, including tube, pipe, extrusions, hinges, fittings and hardware. Our core product lines include rub rail, seating and pedestals, sport fishing equipment and canvas top and metal fab hardware.

CNC MACHINING

We operate full service Computer Numerical Control [CNC] machines for close tolerance, precision parts. We have high-speed, multi-axis mills and lathes that provide extreme efficiency and flexibility for short runs and fast part changeovers.

FINISHING

Our mechanical finishing capabilities include lineal brushing, spiral sanding, polishing, anodizing, electrostatic painting and powder coating.

DISTRIBUTION

Our logistics teams monitor and coordinate orders with delivery schedules, allowing orders to be manufactured, warehoused and available for release based on customers' project needs and schedules.

EXPLORE ONLINE

TACOMARINE.COM

The website extensively chronicles our full product and capability spectrum. Additionally, our popular Rub Rail Replacement Guide can be found online, as well as an assortment of our most popular how-to videos, instruction manuals, specification sheets and much more.
