

PORTABLE LOCKING TRANSOM CROSS TIE CLEAT 15°

Tie up at the dock like a pro with our Portable Locking Transom Cross Tie Cleat. At two-and-a-half feet tall, these cleats stand out by easily elevating dock lines while also securing your boat's stern in place. Our Transom Cross Ties have a patent-pending latch mechanism at the base for easy insertion and fit into standard rod holders.

FEATURES & BENEFITS

- 15° large S-shape 9-inch cleat design
- Sleeve diameter of 1-1/2-inch fits into standard rod holders 1-5/8-inch in diameter
