RUB RAIL OVERLAY INSERT KITS

SUPRO-FLEX

Introducing the Semi-Rigid SuproFlex Rub Rail Kit with a Flexible Vinyl Overlay Insert – an all-in-one Rub Rail replacement kit that compliments a variety of boat types, including bass boats, and freshwater and saltwater bay boats. Semi-Rigid SuproFlex features a semi-rigid vinyl back and a 95-durometer, firmer face, and pairs exclusively with our attractive Flexible Overlay Vinyl Insert for added protection from impact and style. Additionally, this co-extruded vinyl rub rail features shock-absorbing channels for higher impact resistance and requires less heat during installation when compared to other semi-rigid or rigid profiles. This rub rail kit is available in a variety of sizes and colors, and includes stainless steel end caps and screws.

- ▶ Co-extruded to provide two levels of hardness
- ▶ Semi-Rigid backing and 95-durometer front
- ▶ Pairs exclusively with V12-9992 Flexible Overlay Vinyl Insert (included in kit)
- ▶ Shock-absorbing channels for higher impact resistance
- ▶ Lighter weight than traditional vinyl rub rail
- ▶ Requires no pre-forming and minimal heating
- ▶ Predrilled for fasteners
- ▶ Kit includes stainless-steel end caps and screws

RUB RAIL KITS

SUPRO-FLEX

SuproFlex Rub Rail Kits are lightweight and ultra-flexible – saving you time and providing a seamless precision fit. The innovative SuproFlex series is co-extruded vinyl that provides two levels of hardness – ensuring enhanced protection from impact. SuproFlex Rub Rail requires minimal heating – reducing installation time and manpower. Additionally, SuproFlex Rub Rail requires no pre-forming and easily molds to most hull shapes. This rub rail kit is available in a variety of sizes and colors.

- ▶ Tight-radius bending can be made with minimal heating
- ▶ Easy handling making these rub rails a good choice for do-it-yourself boaters
- ▶ Accepts flex chrome insert V12-0307CP and V12-9980CP
- ▶ Kit includes SuproFlex Rub Rail, Flex Chrome Insert, stainless-steel end caps and stainless-steel mounting screws

RUB RAIL INSERTS

Flex Chrome Rub Rail Inserts are the easiest and most cost-effective way to give your boat the elegant look of stainless steel without the price tag. Developed originally for automotive exterior trim applications, our Flex Chrome passed extensive automotive testing for heat/humidity freeze cycle, salt spray, shock and accelerated weathering. It will not corrode, even if penetrated.

FLEX CHROME INSERT, 3/4" X 1/2"

RUB RAIL

RUB RAIL & NAVIGATION LIGHTS

RIGID VINYL FLEX CORE RUB RAIL

- Solid, rigid PVC cap stock exhibits traditional surface characteristics, appearance and impact properties
- Lightweight, easy handling and installation
- Vacuum calibration tooling allows for tighter dimensional tolerance and sizing consistency
- Drilled and countersunk on 8" centers
- Uses stainless steel inserts S11-4511P (6', 12' & 20')
- High-density core offers improved shock-absorbent impact resistance
- Available in a continuous coil, eliminating butt joints around gunwale
- Improved bending characteristics and ability to cold form

TRIM & MOLDING

HATCH TAPE, WEATHER SEAL & FLEX TRIM

HATCH TAPE

Creates a tight, rattle-free seal with adhesive backing for convenient installation. Made of durable and flexible rubber compound.

WEATHER SEAL

Absorbs shock and reduces vibration. Durable EDPM synthetic rubber compound. Adhesive backing is ideal for live-wells, exterior doors, instrument covers and electronic boxes.

FLEX TRIM

Covers unfinished edges and follows almost any contour or radius.

KINGSTARBOARD® ANTI-SKID POLYMER SHEET

- UV-stabilized, high-density polyethylene
- High-friction surface in a diamond pattern finish helps drainage when wet
- Conforms to ASTM D2047 Slip Resistant
- Resists most stains and does not change color
- Rotting and chemical resistant or delaminate

Applications

- Bow Pulpits
- Decking
- Hatches
- Ladder Steps
- Boarding Areas
- Swim Platforms
- Shower Floors
- Stairways and Entry Ways
- Step Threads

LED LIGHTS

DECK LIGHTS

All of our LED Deck Lights are USCG, ISO and SAE certified for Ignition Protection.*

4-LED DECK LIGHT - FLAT MOUNT

- Ideal for hardtops, consoles, interior cabins and under gunnels
- Compact design bolts directly to any flat surface 5" L and 1-3/8" W
- 10 watt equivalent to a 55-watt halogen flood light
- Powerful 700-lumen output with 100° spread beam angle
- Very low power consumption (0.9 amps @ 12V, 0.5 amps @ 24V)
- Available in white UV-resistant polycarbonate housing
- Anodized aluminum heatsink
- Available mounting options:
Stainless-steel swivel bracket or 3M adhesive tape

T-TOP LIGHT WITH ALUMINUM HOUSING & TUBE LIGHT

- 108 LEDs
- Available with either white / red or white / blue lights
- 300-lumens white light / 150-lumens color light
- Efficient 100,000 hours of operation
- Low draw <.5 Amperes
- Waterproof (non-submersible)
- Impact-resistant polycarbonate lens
- Fits most existing fluorescent T-top light housings
- Polished, anodized aluminum housing (F38-2050B-1 and F38-2050R-1)
- 14' wiring cable

*Completely sealed lights have been tested in an explosive environment and exposed to an explosive atmosphere in high temperatures that includes powering on-off 50 times without igniting the atmosphere at a temperature not exceeding 200° C. These certificates demonstrate the ability to consistently provide product that meets statutory and regulatory requirements that assure customer satisfaction and safety. Ideal for use in engine rooms, battery compartments and anywhere fire safety is of most importance.

MARINE ACCESSORIES

MULTI-PURPOSE 15° PORTABLE CLEAT

- ▶ Stainless steel Type-304
- ▶ Large S-shape 9" cleat design
- ▶ Accommodates up to 3/4" dock line for larger boat applications
- ▶ Tube O.D. 1.25" fits into standard rod holders 1-5/8" diameter
- ▶ Loop hole design to hang fenders over the side
- ▶ Ideal for hanging hose while washing boat
- ▶ Packaged in mesh bag for easy drying if stored wet and to avoid scratching deck or storage surfaces on the boat

HINGES

COMMAND RATCHET HINGES

Constructed from high-grade stainless steel and brass, our Command Ratchet Hinges are ideal for sunpads, bolsters and lounge backrests. The 9-3/8" heavy-duty specialty hinge features a 15° locking inclination and ratchets up to four positions. The 18-1/2" heavy-duty specialty hinge features one locking position at 61.5°.

COMMAND RATCHET HINGE 9-3/8"

- ▶ Polished, marine-grade stainless-steel Type-304
- ▶ All brass bearings for durability
- ▶ Meets ABYC H-31 standards class B* application, 250lb ft of torque load for pair
- ▶ 15° locking inclination increments starting at 30°
- ▶ Easily adaptable to many applications
- ▶ Designed for up to 4" thick cushions
- ▶ Returns to horizontal position at 100°
- ▶ Countersunk for #10 fastener or 1/4-20 bolt
- ▶ Sold in pairs

COMMAND RATCHET HINGE 18-1/3"

- ▶ Polished, marine-grade stainless-steel Type-304
- ▶ Mounts above the deck
- ▶ One locking position at 62.5°
- ▶ Hard stop at 105°
- ▶ Can be used for seat-backs up to 22" long
- ▶ Single or double seat capacity
- ▶ Meets ABYC H-31 standards class B* application, 500 ft-lb. of torque load for pair
- ▶ 500-hour salt fog test
- ▶ For cushions up to 4" thick
- ▶ Sold in pairs

LEANING POSTS

NEPTUNE PREMIUM LEANING POST

- Removable fiberglass storage tray
- Four flush-mounted aluminum rod holders
- Folding foot rest
- Wrap around grab rail
- Durable aluminum seat hinges
- 72-qrt cooler storage area with strap
- Hand-laid fiberglass deck
- Aluminum frame, marine-grade pipe
- Hand-polished mirror finish and anodized after fabrication
- No painted welds or crazing around bends
- Continuous flat bar mounting pads
- Mildew, fungus and UV-resistant

UNIVERSAL LEANING POST BACKREST

- Universal design to fit most leaning posts
- Arms install at desired width to fit rod holders
- Arms fold for easy storage when not in use

NEPTUNE III LEANING POST NEPTUNE III DELUXE LEANING POST

- Four poly tulip rod holders (L10-2005BSA-1)
- Four aluminum tulip rod holders and Back Rest/Grabrail (L10-2010BSA-1)
- Folding foot rest
- Cooler storage area and strap
- Aluminum frame, spiral sanded, bright dip anodized
- One-piece welded frame construction made from marine-grade aluminum
- Seat cushions constructed with marine-grade vinyl, foam and PVC board substrate
- Anti-warp and anti-rot
- Mildew, fungus and UV-resistant
- Stock frames for immediate shipping
